## 27 Killed In Mine Blast

### ABOUT 300 MEN ESCAPE IN COAL SHAFT BLOWUP

25 Bodies Taken From Pits,  
Two Miners Die After  
Being Rescued

CALLED the "heart of democracy" by Communist Ruler Mao Tse-Tung, Yenan, China, is today a disease-ridden city where old and young alike know little but despair. Now in the hands of the Nationalists, the former Communist capital is teeming with dependency as innocent victims, like the old couple and child (above), wander aimlessly in the streets.

### Wheat Crop Reported Better Than Expected

Spurred by continuance of favorable weather Pickaway county farmers worked feverishly Friday to get their wheat to the elevators.

The rush to the mills increased in intensity Thursday and continued Friday. Most of the elevators remained open until a late hour Thursday night to handle the tremendous intake of grain.

Government specifications stipulate that No. 2 wheat must test 58 pounds and moisture content maximum of 14.

Pickaway county's wheat crop was reportedly proving better than had been estimated despite the fact the harvesting had been delayed several weeks by record-breaking rainfall which bogged down the fields and resulted in considerable sprouting and mold.

### TESTS FAIL TO SOLVE DEATH OF NOAH V. PAXTON

Ballistics tests have failed to prove conclusively whether Noah Vernon Paxton, 22-year-old Pickaway county farmhand and World War II veteran committed suicide or was murdered.

In making this disclosure, Friday, Sheriff Charles Radcliff explained that the ballistics tests were made in the police crime laboratory at Columbus at his request and that while the tests showed that the 22-caliber bullet which crashed into the brain of Mr. Paxton July 10 was not fired from the revolver found in the death car, the ballistics likewise failed to show for a certainty that the bullet was fired from one of Mr. Paxton's hands and was resting on his knees when the body was found by his wife, Mary, and his brother, Roy Paxton.

Instead, they walked the entire distance to the mine shaft with the injured men.

### ONE MAN'S OPINION

By Walter Kiernan

When Mr. Truman was "recognized for five minutes" in the senate he was touched — the Republicans previously hadn't recognized him for five months.

This boy is a precedent smasher and even the Republicans know it. One Republican said "a president in office is seldom defeated but watch Harry change that."

Of course the Republicans are just jealous because Harry was picked as part of a perfect man by 10 New York models.

The girls said their perfect man would have Cary Grant's chin, Tyrone Power's ears and Mr. Truman's bow tie.

If they want their perfect man to get out of the house they had better also give him Menjou's pants.

Anyway the President said he accepted a "dare" in going to the senate. This returned the senate's "dare" on the la-

### SPLIT MILITARY CONTROL IN U. S. WILL END SOON

President Ready To Approve  
Bill Which Merges  
Army And Navy

WASHINGTON, July 25—Congress sent to the White House today legislation merging the Army and Navy into a single department of national defense and creating a separate air force.

Final congressional action came when the house approved the compromise unification bill.

President Truman's approval is certain as he has recommended the merger many times.

FINAL ACTION was by voice vote after 15 minutes of discussion during which Rep. Hoffman (R) Mich., chairman of the house conferees and co-sponsor of the legislation, again criticized certain provisions, but termed the final bill "the lesser of two evils".

Hoffman said:

"There isn't any question but that we need unification... Inexcusable confusion and waste existed during the war."

Hoffman complained, however, that certain military leaders "want the power to plan our domestic and foreign policy." He expressed fears that the measure as now drawn might permit them to inject themselves more forcefully in what are normally exclusively civilian affairs.

THE LEGISLATION brings to an end more than 150 years of divided military control in the United States. Henceforth, a secretary of defense will head the entire military organization. The President is expected to name

### DUTCH BOMBARD PORT; GROUNDS TROOPS ADVANCE

BATAVIA, July 25—Dutch bombardment of Port Tegal, 35 miles east of Cheribon, was reported today by the Indonesian government at Jogjakarta. Dutch infantry and armored columns through Java to consolidate new gains.

Netherlands troops controlled virtually all of western Java and have made new gains in the central and eastern portions of the island.

A Dutch communiqué announced the capture of seven additional towns and gave a casualty total for the past five days fighting of 32 killed, 41 wounded and seven missing.

In the Tjikampak area, about 50 miles east of Batavia, four towns fell to Dutch action against very light resistance. Near Bandoeng the Dutch completed almost total occupation of west Java.

South of Semarang, in the center of the north coast, both Dutch and Indonesian troops claimed major successes. The Republicans said their forces had threatened the encirclement of Dutch columns pushing on to Jogjakarta, Republican capital, and had pushed them back 12 miles.

THE HOUSE voted \$125,000 to the special committee recently created to study U. S. economic resources and foreign financial needs, particularly in connection with the Marshall plan for European rehabilitation.

Part of the one million dollars to be spent during the congressional recess has been allotted as follows:

Committee on agriculture, \$25,000; armed services, \$25,000; public works, \$30,000; foreign affairs, \$125,000; special committee on foreign economic problems, \$125,000; harness subcommittee on government propaganda and publicity, \$10,000; education and labor, \$25,000; surplus property subcommittee, \$15,000; executive expenditures, \$5,000; ways and means, \$25,000.

### GOP ABANDONS FIGHT TO GET ELECTION PROBE

Republicans Forced To Yield  
On Kansas City Issue In  
All Night Session

WASHINGTON, July 25—Republican leaders today abandoned their fight for a probe of Kansas City election fraud charges as the senate ended a hectic all-night filibuster and delaying tactics were dropped in the house.

The way thus was cleared for completion of pending "must" legislation in time for adjournment tomorrow.

Rep. Rayburn (D) Tex., house minority leader, ceased objections to unanimous consent requested after receiving assurance that GOP leaders would give up attempts to force a congressional investigation of Attorney General Clark's handling of the Kansas City case.

THE SENATE recessed at 5:12 a. m. (EST) until 11 a. m., when Democratic senators who used every parliamentary maneuver to thwart an inquiry into Attorney General Clark's handling of the vote fraud case agreed to a GOP proposal to resume the adjournment drive on "must legislation."

At 11 a. m. the senate scheduled further action on the one billion 600 million dollar foreign relief appropriation bill.

Meanwhile, Sen. Kerr (D) Mo., spearhead of the GOP group demanding an investigation of last summer's Kansas City primary election in which ex-Rep. Slaughter (D) Mo., was "purged" by President Truman's order, continued behind-scenes attempts to secure congressional action.

BEFORE THE RECESS, the senate within a few minutes approved 725 million dollars for aid in occupied territories and okayed nearly all other committee

### Secret Note Says FDR Ordered Loan To Hughes

WASHINGTON, July 25—The federal loan administrator, will be called to testify about the forty million dollars of federal funds turned over to Hughes for his aircraft experiments. The contracts also involve Henry Kaiser, a one-time partner of Hughes in the aircraft industry.

TWO HOLLYWOOD glamour girls already are under subpoena.

### May, Garsson Brothers Sentenced To Prison

WASHINGTON, July 25—Former Rep. Andrew J. May (D) Ky., and munitions makers Henry and Murray Garsson today were sentenced to eight months to two years in prison for wartime bribery and conspiracy to defraud the government.

The glamour-studded inquiry will include revelations of Hughes parties that included wine, women and song.

A committee member said privately that Jesse Jones, former

federal judge, Henry A. Schweihsen was unswayed by a dramatic statement in which May, wartime chairman of the house military affairs committee, declared tearfully:

"I never violated the law in all my 72 years. Never in my

years in congress did I receive one dime, directly or indirectly, for any service to anybody, including the Garssons."

MAY TOLD the court he was a teetotaler and a Sunday school teacher. He cried brokenly:

"I had hoped in my old age to enjoy life and not to be diseased and contaminated by dissipation."

May said he faced the bar of justice with a "clean, clear conscience."

The Kentuckian's attorney, Warren Magee, declared in an impassioned plea for mercy that May was penniless, that he had sold all his property and borrowed on his insurance policies to finance his defense.

THE DEFENDANTS were convicted on charges arising from the fabulous development of the Garssons' munition empire from a mere letterhead to a

### HOUSE UMT BILL REPORTED OUT BY COMMITTEE

WASHINGTON, July 25—The house armed services committee by unanimous vote today reported favorable legislation to establish compulsory military training in peacetime.

It was the first such action taken in congress.

Rep. Andrews (R) N. Y., committee chairman, announced, however, that no further action on the bill is expected at this session, since congress is slated to adjourn tomorrow.

He has been active in numerous fraternal organizations and recently was elected state supreme president of the Liberty Boys of '76.

THE HOUSE voted \$125,000 to the special committee recently created to study U. S. economic resources and foreign financial needs, particularly in connection with the Marshall plan for European rehabilitation.

Part of the one million dollars to be spent during the congressional recess has been allotted as follows:

Committee on agriculture, \$25,000; armed services, \$25,000; public works, \$30,000; foreign affairs, \$125,000; special committee on foreign economic problems, \$125,000; harness subcommittee on government propaganda and publicity, \$10,000; education and labor, \$25,000; surplus property subcommittee, \$15,000; executive expenditures, \$5,000; ways and means, \$25,000.

WASHINGTON, July 25—The house voted today to end consumer credit controls Nov. 1.

I accepted a house - senate compromise after voting earlier to terminate controls immediately. The senate had set a Dec. 31 termination date.

The legislation was expected to reach the White House later today following expected senate approval.

### HOT WEATHER SEEN FOR OHIO; RAIN ON SUNDAY

By International News Service

Ohio weather today was heading from one extreme to another—from frigid to torrid.

The weatherman said the mercury would hit close to 90 degrees this afternoon and hit into the 90's in most places. Tonight, however, was to be moderately cool, with a range of 60 to 65 degrees.

Increasing cloudiness was forecast for tomorrow, with — you guessed it — rain being sighted for Sunday afternoon.

tee amendments to the measure.

Senators, yawning and sleep-eyed after an all-night session, agreed to this procedure on motion of Majority Whip Wherry (R) Neb., after debating the vote fraud charges for eight hours and 15 minutes.

Wherry obtained consent of the senate to the arrangement by promising them that they would be permitted a few hours of rest before reconvening to resume the passage of remaining "must" measures in order to adjourn tomorrow night, as scheduled.

REPUBLICAN leaders, in order to move forward with remaining business, were forced to yield to the parliamentary advantage held by those conducting the filibuster.

Wherry's motion included an understanding that Sen. McCarran (D) Nev., who had held the floor for nearly four hours, should have the privilege of the floor again without impairment of his rights if the Kem matter were again called up.

The senate had engaged in a bitter wrangle over the Kem resolution with frequent exchanges of personalities.

The controversy forced the second all night session in the senate this year.

IN THEIR remaining few hours of work the senators must act on appropriation measures for foreign relief, military, agriculture and government corporations. Also to be disposed of in the senate is the measure to continue the sugar allocation program.

It was uncertain as to whether either the senate or the house will take final action on important veterans bills before the two chambers adjourn.

House GOP leaders expressed doubt that legislation increasing subsistence payments to war vets attending college will be passed. It also was indicated that the bill extending the provision of automobiles for ex-GI amputees will be by-passed. Both bills were approved by the senate.

ACTION WAS sought in the senate on a bill to authorize on-the-job training subsistence allowance for veterans taking on-the-farm training, but little hope was held for its chances.

Republican leaders agreed to enact into law before the final gavel falls resolutions authorizing joint congressional investigations of the high cost of living and the housing shortage.

The house passed the last of its major appropriation measures, a 100 million, 592 thousand dollar measure carrying supplemental funds for the post office department and for flood control, 54 per cent slash in President Truman's budget request.

Eleven million dollars was granted to carry out Mr. Truman's program for a survey to determine the loyalty of federal employees. This was a 56 per cent cut in the twenty-four million 900 thousand dollars asked by the President for the survey.

# Wheat Crop Reported Better Than Expected

(Continued from Page One)  
Madison county wheat, No. 2, is bringing \$2.23 to \$2.32 a bushel provided the grain meets the stipulated grade tests.

**LARRY BEST**, Pickaway county agricultural agent, joined

in the optimistic chorus concerning the wheat crop. He said:

"All of us are feeling better about the wheat situation. The last few days of sunshine have given the farmers hope and they are trying their best to get it to the market before it is ruined by another storm."

Best said the hardest hit crop in the county was oats. "Oats are a mess," he declared. Few farmers have any oats at all, he said.

## YOUTH JAILED AFTER CHASE THROUGH CITY

Delmer Weaver, Jr., 19, of 478 East Ohio street, was in the Pickaway county jail, Friday, in default of payment of \$25 fine and costs imposed Thursday afternoon in the court of Mayor Ben H. Gordon, for speeding.

Mayor Gordon also impounded Weaver's auto.

Weaver was arrested at 12:20 a.m. Thursday on U.S. Route 22 after police chased him in a cruiser at an 80-mile-an-hour clip on West Main street and across the Scioto river bridge.

It was also disclosed that the car's brakes were deficient, the auto had no muffler, and the steering wheel was loose. It was further declared that Weaver had failed to comply with an order given him recently by state highway patrolmen at Chillicothe to have the brakes repaired.

Unification will become effective within 60 days after the President signs the legislation or the day after the new secretary takes office, whichever is earlier. Some other provisions become effective immediately.

HERE ARE the essential details of the legislation, which establishes:

1. A national military establishment headed by a secretary of defense, a cabinet member. The establishment will consist of three co-equal departments of the Army, the Navy and the Air Forces, each headed by a secretary of non-cabinet status.

2. A national security council, headed by the President and consisting also of the secretaries of state, defense, Army, Navy and Air Force and the chairman of the Joint Chiefs of Staff.

3. A national security resources board to formulate policies for mobilizing civilian production for defense.

4. A central intelligence agency to obtain and correlate information on military activities abroad. It will be headed by a director appointed by the President with the consent of the Senate from either civilian or military life. If a commissioned officer is appointed, the legislation provides that he is to be completely divorced during his tenure in office from military control.

5. A munitions board.

6. A war council composed of the secretary of defense, chairman, the secretaries of the Army, Navy and Air Force, the Army chief of staff, the Air Force chief of staff and the chief of naval operations.

7. A joint chief of staff.

8. A joint staff composed of not more than 100 Army, Navy and Air Force officers to carry out the directions of the joint chiefs.

9. A research and development board.

FUNERAL will be held at 2:30 p.m. Sunday in the Defenbaugh chapel, the Rev. Clayton Lutz, Columbus, officiating. Burial will be in Prairie View cemetery, Whisler.

Friends may call at the funeral home after noon Saturday.

## BACK TO CIVILIAN LIFE

THE NAVY, the Army and the F.B.I. are losing many of their best young officers, says Paul Leach, a Washington correspondent.

More are leaving the Navy than the other branches, because of reduced appropriations and the unification bill which is now being considered. Officers may not resign until two years after graduation from the Academy, and many are leaving as soon as their time is up. Many others are capable, experienced officers with excellent war records, a great loss to the service. Administrative officers say that large salaries offered by industrial firms to these highly trained young men make it impossible for Uncle Sam to compete. A chance for a normal home life is a drawing card, too, because much of a Navy man's life is spent at sea.

Patriotism, the driving force of these officers during wartime, lies dormant in peacetime. A man's duty to his country is not uppermost in his mind under normal conditions. His own and his family's welfare comes to the fore as soon as the emergency is over. When the country is not in need of active defense, there is an irresistible trend toward constructive activity on the part of the young men.

## BETTER ATTENDANTS

THE RESULT of investigations of mental hospitals in many parts of the country has been a close scrutiny of the methods of hiring attendants. Some have been found to have no other qualification than political influence, and others, while well-meaning, are unsuited to the job of caring for the mentally ill.

State officials of Illinois have instituted tests "involving personality, intelligence, mechanical aptitude and mental health." These tests are to be applied to one hundred employees of the Elgin State Hospital, and the results compared with the performance of the attendants in their daily routine. After the results are tabulated, civil service examinations will be made out to be used in future hiring.

This is definitely a step in the right direction. But the drive for improved conditions should not end with efficient hiring methods. Frequent close inspections should be made to keep track of the relations between patients and attendants. Many could successfully pass the examinations and fall down under the day-to-day pressure of work with the insane.

Flying speeds have been developed at which a pilot, for all we know, can neither see nor stay upright. So says John Nicholas Brown, assistant secretary of the navy for air. The pilot is thus totally at the mercy of his plane. This sounds like some of the automobile drivers to be seen any Sunday.

Ives Now Seen as Link  
Between Dewey, Stassen

Special to Central Press

**WASHINGTON**—To Freshman Republican Senator Irving M. Ives of New York, reportedly has fallen the pre-campaign role of go-between for Gov. Thomas Dewey and Harold E. Stassen.

Ives is said by political observers to have become the latest bridge in the growing campaign for a Dewey-Stassen ticket when the Republicans jost next year to turn President Truman back to pasture in Missouri.

Everything may well be said to be in the formative stage. Dewey and Stassen have met. Stassen has said that, failing in achieving first place on the ticket, he would accept the vice presidential nomination.

Both the New York governor and the former Minnesota governor denied that they talked politics when they met several weeks ago in New York City.

Dewey's first choice as a running mate—and he is now certain he can beat out Senator Robert A. Taft, of Ohio, for the GOP nomination—is still California's Gov. Earle Warren. But Warren is reluctant. Chances are he will stay out of national politics just as he did in Chicago in 1944.

Thus communications between Dewey and Stassen, reportedly the New Yorker's second choice, are presently being transmitted through

Ives, avowed Dewey man and GOP Senate "liberal."

## NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, July 25—Tax reduction failed because Senator Byrd strangely could not get a few votes. The Virginian always knows what he is talking about, so when he said a January 1 bill could be revived and put through over a veto, you may understand his prospect was more than idle gossip.

Byrd was counting on getting certain inwardly leaning Democrats to sustain a delayed cut. He and his revival ally, the ranking finance Democrat Senator George, had in mind such unmentioned senators as the Mississippian Eastman and the Floridian Holland. But both failed to come through, although you might reasonably deduce that under normal circumstances they might have come through.

Between 60 and 61 votes were then counted sure for a tax reduction, and adherence by Eastman, Holland a few others would have passed the bill no matter what Mr. Truman did. But on the final poll, they got only 57 votes for the bill, three to four less than had been counted for sure without the new adherents. This uncalculated swing away from the sure votes was led by Senator Tydings, the Maryland Democrat, who became afraid of the international situation. The Barkley Democratic leadership succeeded in frightening enough new voters with the red flag to make the Byrd-George cause hopeless. Barkley was aided by the Greek outbreak coming at the same time.

Of course, the truth of the matter was the bill had nothing to do with the Barkley claim, nothing whatsoever. Appropriations of nearly \$10 billion for defense next fiscal year had already been made, and would not be influenced by the tax decision. Furthermore, the tax cut would not become effective for five months yet. Furthermore, the Truman policy is to apply the money saved from the proposed tax reduction solely to the public debt. Furthermore, the European relief appropriations also have been passed by congress. So the connection between tax reduction and trouble in Europe was too remote to exist for most senators.

You will recall that Mr. Truman succeeded in getting his veto sustained before, by claiming this was a bill for the rich, although the rich were to get only a 10 percent reduction out of it, while the poor man would get a 30 percent reduction. This time, just as unrealistically, the red flag body was waved—and with equal success.

Thus this nation seems to have acquired government by two-thirds majority. Ordinarily, you know, in the theory of democracy which we are defending throughout the world, we claim that the majority rules. Well, not in Washington, at least not on the important matters like union reform legislation and tax reduction, the primary questions of the day. Throughout this year, the Republican congress has been confronted by the proposition that they must have a two-thirds majority to do anything about the important matters. They had more than two-thirds on the union reform bill and failed on tax reduction by only a few votes in the senate after the house had shown its more than necessary two-thirds.

Now no one to my knowledge has ever advocated government by a two-thirds majority, or thought that one-third should control. Progress in that direction is moving toward government by unanimous consent, where a single objection by any legislator into whose head any idea might pop, would nullify the will of everyone else.

Veterans of the old International Brigade which fought Franco in Spain in 1937 are convinced that there is little chance of any substantial new brigade being organized.

They contend that the issues which led to formation of the brigade in Spain are not so tightly drawn this time. Moreover, they believe that the shortage of manpower and tight political issues in most European countries are likely to keep would-be joiners at home.

Another factor against the establishment of a new brigade is travel. For example, anyone in the United States who wanted to fight in Greece would find it difficult to obtain passage.

However, American officials admit that they can do nothing to halt this type of movement if it starts and is encouraged by Yugoslavia. For the present, they are simply not validating passports for Yugoslavia—an admittedly weak measure.

**NO FREE SOVIET PROPAGANDA**—The Russian government solemnly and officially announces that segment of the American public desirous of reading and studying Soviet propaganda sent directly from the embassy in Washington is going to have to pay for it.

For some time, the embassy has been issuing an official "Information Bulletin." During the war, this publication was a small four to six page rough paper affair. Occasionally, it contained stuff which made news items. Most of the time it did not.

Then came the end of the fighting and the beginning of the "cold war." The Soviet Bulletin changed its face, enlarged its size and appeared as a "slick" papered publication about the size of weekly news magazines.

It carried glowing stories of life in the U. S. S. R., recounted the glories of Stalin and Lenin, the Soviet philosophers, youth life behind the iron curtain and other propaganda extolling Russia.

The latest issue of the Bulletin, which will be published twice a month and run to 32 pages, contains the startling news that those who want the publication in the future must pay \$2.40 a year or 10 cents a copy.

The announcement concluded: "Owing to circulation limits, it will be sent by subscription only, and will not be sold on news stands."

No doubt, the subscription list would make interesting reading.

### Don't Trust Self Diagnosis

By HERMAN N. BUNDESEN, M.D.

PUTTING two and two together to get five seems to be a natural human trait. Most people cannot resist it, particularly when it comes to self-diagnosis. They have learned of an ailment which may cause certain symptoms; then they experience one or two similar symptoms and immediately jump to the conclusion that their disorder is the one they have read about. Nine times out of ten they are wrong.

For instance, most patients who have pain around the lower opening of the bowel are convinced that they are suffering from hemorrhoids or piles. And yet there are several other causes for pain in this area, and the most common is not hemorrhoids at all, but what is known as a fissure.

#### Crack in Lining Membrane

A fissure of the rectum is a crack in the lining membrane near the opening of the bowel or anus. The pain comes on with bowel movements and may last for several hours. It is usually relieved by rest, but is made worse by exercise. It then recurs when the patient has another bowel movement.

There are several types of fissure. Some are acute, that is, they have been present for a long period of time, and may be the result of constipation, straining during bowel movements, or may appear after delivery of a baby.

Rectal fissures are not serious but may be responsible for a great deal of pain and should not be neglected.

Diagnosis is made by the examination of the area.

According to Dr. Peter G. McEvady, of Manchester, England, the treatment includes the giving of enough mineral oil to keep the bowel movement soft. Some type of ointment, such as zinc ointment, may be applied before the bowel movement. After the bowel movement, the area is washed, and the ointment again applied.

If the pain is severe, it is suggested that a local anesthetic or pain-deadening substance be injected into the area. In the majority of cases, with this treatment, healing occurs quickly. If the treatment does not produce a cure, an operation may be required.

#### Chronic Fissures

Chronic fissures are those which have been present for a long time and, usually, are associated with hemorrhoids or piles. In such cases, an operation, including removal of the piles, is required for cure.

If there are no piles present, a simple operation, according to Dr. McEvady, may be carried out, and the patient may return home at once. Zinc ointment is applied before the movement. Afterwards the area is washed and an antiseptic dressing or an ointment is applied. These measures are carried out until healing occurs.

### Over a Span of Time Constant Quality Tells!

## DO YOU REMEMBER?

You'll pardon an old gentleman, I'm sure, for asking a personal question, but I have a reason.

Each year on December 24 I pack my bag of gifts and make my trip to your home to leave Christmas happiness and cheer.

I want to know if my services are satisfactory and that I am doing my job to the best of my ability.

Last year I came to your home and left gifts, do you recall? Remember the excitement of Christmas morning? The thrill and expectancy of the children, the hubbub of activity as you rushed to see your presents.

I, Santa, want my trip to give you joy daily throughout the year. I want to give gifts that daily spread the joy and happiness of Christmas.

If, today, you were reminded of one gift which I left at your home last year, then I have done my job perfectly. But ... if you did not think of Christmas, today, until you saw my pictur, then I must do my job better.

I wish to remind you that Christmas is only 5 months or 127 shopping days away. And that L. M. BUTCH CO., jewelers are already prepared for the Christmas season with gifts of quality and distinction which will long be remembered throughout the year.

L. M. BUTCH CO., jewelers offer an amazing display of selected diamonds at prices to suit every purse. Diamonds offering an assurance of quality which costs no more.

The outstanding styles and values in the leading watches: HAMILTON, GRUEN, ELGIN, BULOVA and FAITH are offered at L. M. BUTCH CO., jewelers.

Community Plate and 1947 Rogers Silverware, Parker and Sheaffer Pens, Ronson Lighters and many other gifts to daily remind those to whom they are given that you wish them joy and happiness throughout the year.

# Pickaway County AAA Program To Be Carried Out In Full

## LIME ORDERS MAY BE FILLED AT ANY TIME

Congress Restores Cuts In  
ACP Funds; Wheat Price  
Support Scheduled

Pickaway county farmers were informed Friday that they can expect fulfillment of the complete ACP program this year.

Dewey Downs, member of the county ACP committee, announced that all farmers holding AAA orders for lime for 1947 may obtain the lime at their convenience. All orders issued, he said, are valid and may be completed any time.

Downs added that all farmers who have lime orders which have expired may have them renewed by bringing them to the AAA office.

MR. DOWNS said he had been informed that congress has approved \$265,000,000 for the 1947 ACP program and that operations have authorized to resume immediately.

The entire program had been held up following original house slashes of funds for the agricultural department.

MR. DOWNS also announced that the government will provide a guaranteed price of 90 percent of the parity price of wheat as of July 1, 1947.

Farmers wishing to hold wheat instead of selling it now may take advantage of two plans:

1. The regular wheat loan program is available to eligible farmers. Wheat may be used as collateral to secure a loan at \$1.96 per bushel at three percent interest.

2. By signing a "purchase agreement" farmers may have the price protection of \$1.95 per bushel. No. 2 wheat, on all or any part of eligible wheat stored on the farm or in a warehouse. Commodity Credit Corporation agrees to purchase such wheat.

## GIRL AND MAN DROWNED WHEN BOAT CAPSIZES

MILLERSPORT, O., July 25.—The drowning of a six-year-old girl and a 49-year-old man in Buckeye Lake and the rescue of three others who were in the same boat which capsized were reported today by Hocking Hunter, the state conservation department's lake foreman.

Hunter identified the victims as Jessillon Harvey, Lancaster and Raymond H. Johnson, Millersport.

The foreman said that the girl's grandparents, the Ellis E. Harveys, Corry, Pa., and Jo Ann Harvey, also of Corry, were rescued by an unidentified fisherman.

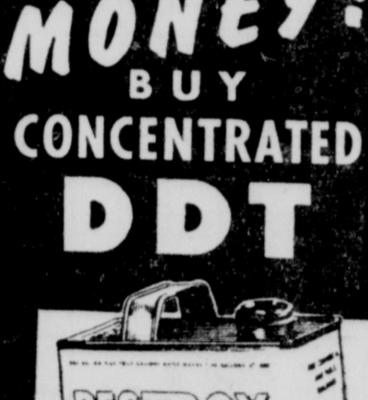

Dragging operations last night failed to bring the bodies of the victims to the surface and Hunter said he would continue grappling today. He said he thought the boat had left the Millersport pier shortly before the accident occurred.

## VICTORY MEDAL DISTRIBUTION DUE IN AUGUST

American Defense Service  
Award Also To Be  
Given By Army

FORT HAYES, COLUMBUS, Ohio, July 17.—Initial distribution of the World War II Victory Medal and the American Defense Service Medal will begin soon after August 1, Second Army Headquarters announced today.

The distribution will be made at designated Army recruiting stations, military district headquarters and at the offices of senior instructors, organized reserve corps in the Second Army area. Location of the distribution points can be obtained at any Army recruiting station.

Eligible individuals must apply in person for the medals, which will be issued on presentation of the applicant's original discharge certificate or other adequate war department authenticated statement of service.

BECAUSE OF limited personnel to handle mail applications, requests by letter cannot be accepted, except those of the next of kin of ex-Army personnel who have died since their discharge from the service. Such letters of application must be accompanied by a photostatic or notarized copy of either the discharge certificate, certificate in lieu of lost or destroyed discharge certificate, certificate of service, or other adequate war department authenticated statement of service. Persons making such applications are cautioned to insure that a permanent return address is clearly and completely indicated.

Letter applications by next of kin of those individuals who have died since their discharge from the service will be made to the

## GOP ABANDONS FIGHT TO GET ELECTION PROBE

(Continued from Page One)

tee amendments to the measure.

Senators, yawning and sleep-eyed after an all-night session, agreed to this procedure on motion of Majority Whip Wherry (R) Neb., after debating the vote fraud charges for eight hours and 15 minutes.

Wherry obtained consent of the senate to the arrangement by promising them that they would be permitted a few hours of rest before reconvening to resume the passage of remaining "must" measures in order to adjourn tomorrow night, as scheduled.

REPUBLICAN leaders, in order to move forward with remaining business, were forced to yield to the parliamentary advantage held by those conducting the filibuster.

Wherry's motion included an understanding that Sen. McCarran (D) Nev., who had held the floor for nearly four hours, should have the privilege of the floor again without impairment of his rights if the Kefauver bill were again called up.

The senate had engaged in a bitter wrangle over the Kefauver resolution with frequent exchanges of personalities.

The controversy forced the second all night session in the senate this year.

IN THEIR remaining few hours of work the senators must act on appropriation measures for foreign relief, military, agriculture and government corporations. Also to be disposed of in the senate is the measure to continue the sugar allocation program.

It was uncertain as to whether either the senate or the house will take final action on important veterans bills before the two chambers adjourn.

House GOP leaders expressed doubt that legislation increasing subsistence payments to war vets attending college will be passed. It also was indicated that the bill extending the provision of automobiles for ex-GI amputees will be bypassed. Both bills were approved by the senate.

ACTION WAS sought in the senate on a bill to authorize on-the-job training subsistence allowance for veterans taking on-the-farm training, but little hope was held for its chances.

Republican leaders agreed to enact into law before the final gavel falls resolutions authorizing joint congressional investigations of the high cost of living and the housing shortage.

The house passed the last of its major appropriation measures, a \$10 million, \$92 thousand dollar measure carrying supplemental funds for the post office department and for flood control, a 54 per cent slash in President Truman's budget request.

Eleven million dollars was granted to carry out Mr. Truman's program for a survey to determine the loyalty of federal employees. This was a 56 per cent cut in the twenty-four million \$90 thousand dollars asked by the President for the survey.

### YOUTH JAILED AFTER CHASE THROUGH CITY

Delmer Weaver, Jr., 19, of 478 East Ohio street, was in the Pickaway county jail, Friday, in default of payment of \$25 fine and costs imposed Thursday afternoon in the court of Mayor Ben H. Gordon, for speeding.

Mayor Gordon also impounded Weaver's auto.

Weaver was arrested at 12:20 a.m. Thursday on U.S. Route 22 after police chased him in a cruiser at an 80-mile-an-hour clip on West Main street and across the Scioto river bridge.

It was also disclosed at the hearing that the car's brakes were deficient, the auto had no muffler, and the steering wheel was loose. It was further declared that Weaver had failed to comply with an order given him recently by state highway patrolmen at Chillicothe to have the brakes repaired.

# FOURTH UNION CHURCH SERVICE SLATED SUNDAY

The Rev. L. C. Sherburne  
To Be Speaker At  
Program In Park

Fourth in a series of union church services will be held at 7:30 p.m. Sunday in the shelter house at Ted Lewis park.

The Rev. L. C. Sherburne, rector of St. Philip's Episcopal church, will be the speaker at the program sponsored by the Pickaway County Ministerial association and the Kiwanis club. His topic will be "Where Shall Wisdom Be Found?"

The Rev. Elisha Kneisley, pastor of the First Methodist church, will be the presiding minister. Charles J. Kirkpatrick will direct the congregational singing.

Order of worship announced for the service is:

Congregational song; hymn; call to worship; prayer of invocation and Lord's Prayer; hymn; scripture lesson; anthem by St. Philip's choir; prayer; hymn; offering; doxology; sermon; hymn; benediction.

## ASHVILLE

Frank Jinks was removed to White Cross hospital Wednesday for observation and treatment.

Nolan Murphy and Neil returned home Tuesday from a two-weeks vacation trip to the Grand Canyon and other places of interest in the South-West. Mr. Murphy, a former Ashville teacher, now resides and teaches in Westerville.

The following officers were installed at Palmetto Lodge Wednesday evening: chancellor commander W. L. Harris; vice chancellor Charles Tron, Jr.; prelate Holland Featheringham; master at arms Harry Hedges; inner guard Luther Smith; and outer guard Carl Dennis. Other officers held over until January. Refreshments were served by the committee.

Girl Scout troop 6 and Boy Scout troop 159 of Ashville will sponsor a band concert and lawn social on the Lutheran Church lawn Tuesday, July 29. The B.I.S. band of Lancaster will furnish the music. Serving will begin at 5:30. It is hoped to make the event an annual affair.

Charles Gray, former Ashville boy, is now operating a dry cleaning establishment in Kingston. Mr. Gray is a veteran of World War 2.

Mr. and Mrs. Roland C. Cook have purchased a dwelling on Fairwood Avenue, Columbus, and expect to make their home there in the near future.

Mrs. George Kuhlwein is visiting with Mr. and Mrs. Charles Brown and family near Canal Winchester.

Local elevators are busy overtime handling large quantities of wheat being combined and threshed by farmers eagerly taking advantage of the few clear days. Tests vary from 50 to 59 with one load of threshed wheat testing 60.

Wilma Jean Borrer is helping at the Ashville Grain Company during wheat harvest.

The card game, poker, is, in principle, almost as ancient as playing cards themselves, but its name and the present form of the game originated in the U.S. early in the 19th century.

## MAJOR PUTS ON ARCTIC TOGS TO GIVE PROMOTION

DATYON, O., July 25—Master Sgt. Harold Buffinbarger was commissioned a regular Army first lieutenant in the 25-below zero temperatures of a cold test chamber at Wright Field.

Buffinbarger, as part of the experiment, was required to stay in the chamber until Friday. His commission came through Tuesday and regulations provide that a commission must be accepted

within 72 hours or it is withdrawn.

Major W. H. Bowers was unable to locate Buffinbarger until he saw newspaper pictures showing him in the "ice box". Major Bowers donned Arctic Winter equipment and administered the oath Thursday with only a few hours to spare.

There are about 200,000 by-products derived from bituminous coal.

# VFW WALLOPS WILLIAMSPORT 9 IN TOURNAMENT

Veterans Club Scores 12-2  
Win In Short Game At  
Ted Lewis Park

A revamped VFW team walked Williamsport 12-2 in an abbreviated softball tournament game in Ted Lewis park Thursday night.

The game was called at the end of 4½ innings because VFW was leading by 10 runs. The ex-servicemen watched Williamsport score two runs in the first inning, then came back with three in the second and nine in the third to sew up the game.

**THE WINNERS** got only six hits off Elliott but were helped by six Williamsport errors. Williamsport batters got to Smith for eight hits, including a pair of doubles, but were blanked after the first inning.

Tonight Drake's Produce and Isaly's will tangle in another game in the double elimination tournament.

## BLUE RIBBON, RICHARDS PLAY AT PORTSMOUTH

Two members of the Circleville Night Softball league will compete in the district tournament at Portsmouth, which starts next week.

Blue Ribbon Dairy is scheduled to meet Portsmouth East End Merchants at 9 p. m. Monday.

Richards Implement drew the tough Yellowbud MWA team. They play at 9 p. m. Tuesday. Pitching for Yellowbud will be Guy Easter, who was one of the Richards pitchers in a league play here. Fans are expecting quite a battle when Easter and his ex-teammate, Todd McKinney, hook up in a hurling duel.

Twenty-three teams are entered in the double elimination tournament. Both Circleville teams are in the same bracket. The two leading Chillicothe teams, Harry Strawser's Moose and Herrnstein Hardware, are both in the top bracket.

### BACK TO CIVILIAN LIFE

THE NAVY, the Army and the F.B.I. are losing many of their best young officers, says Paul Leach, a Washington correspondent.

More are leaving the Navy than the other branches, because of reduced appropriations and the unification bill which is now being considered. Officers may not resign until two years after graduation from the Academy, and many are leaving as soon as their time is up. Many others are capable, experienced officers with excellent war records, a great loss to the service. Administrative officers say that large salaries offered by industrial firms to these highly trained young men make it impossible for Uncle Sam to compete. A chance for a normal home life is a drawing card, too, because much of a Navy man's life is spent at sea.

Patriotism, the driving force of these officers during wartime, lies dormant in peacetime. A man's duty to his country is not uppermost in his mind under normal conditions. His own and his family's welfare comes to the fore as soon as the emergency is over. When the country is not in need of active defense, there is an irresistible trend toward constructive activity on the part of the young men.

### BETTER ATTENDANTS

THE RESULT of investigations of mental hospitals in many parts of the country has been a close scrutiny of the methods of hiring attendants. Some have been found to have no other qualification than political influence, and others, while well-meaning, are unsuited to the job of caring for the mentally ill.

State officials of Illinois have instituted tests "involving personality, intelligence, mechanical aptitude and mental health." These tests are to be applied to one hundred employees of the Elgin State Hospital, and the results compared with the performance of the attendants in their daily routine. After the results are tabulated, civil service examinations will be made out to be used in future hiring.

This is definitely a step in the right direction. But the drive for improved conditions should not end with efficient hiring methods. Frequent close inspections should be made to keep track of the relations between patients and attendants. Many could successfully pass the examinations and fall down under the day-to-day pressure of work with the insane.

Flying speeds have been developed at which a pilot, for all we know, can neither see nor stay upright. So says John Nicholas Brown, assistant secretary of the navy for air. The pilot is thus totally at the mercy of his plane. This sounds like some of the automobile drivers to be seen any Sunday.

## Inside WASHINGTON

Ives Now Seen as Link  
Between Dewey, Stassen

No International Force  
To Intervene in Greece

Special to Central Press

**WASHINGTON**—To Freshman Republican Senator Irving M. Ives of New York, reportedly has fallen the pre-campaign role of go-between for Gov. Thomas Dewey and Harold E. Stassen. Ives is said by political observers to have become the latest bridge in the growing campaign for a Dewey-Stassen ticket when the Republicans joust next year to turn President Truman back to pasture in Missouri.

Everything may well be said to be in the formative stage. Dewey and Stassen have met. Stassen has said that, failing in achieving first place on the ticket, he would accept the vice presidential nomination.

Both the New York governor and the former Minnesota governor denied that they talked politics when they met several weeks ago in New York City.

Dewey's first choice as a running mate—and he is now certain he can beat out Senator Robert A. Taft, of Ohio, for the GOP nomination—is still California's Gov. Earle Warren. But Warren is reluctant. Chances are he will stay out of national politics just as he did in Chicago in 1944.

Thus communications between Dewey and Stassen, reportedly the New Yorker's second choice, are presently being transmitted through Ives, avowed Dewey man and GOP Senate "liberal."

**INTERNATIONAL BRIGADE**—Do not look for any great development of the International Brigade reportedly being formed to aid the Greek guerrillas fight the present United States-supported Greek regime.

## NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, July 25—Tax reduction failed because Senator Byrd strangely could not get a few votes. The Virginian always knows what he is talking about, so when he said a January 1 bill could be revived and put through over a veto, you may understand his prospect was more than idle gossip.

Byrd was counting on getting certain inwardly leaning Democrats to sustain a delayed cut. He and his revival ally, the ranking finance Democrat Senator George, had in mind such unmentioned senators as the Mississippian Eastman and the Floridian Holland. But both failed to come through, although you might reasonably deduce that under normal circumstances they might have come through.

Between 60 and 61 votes were then counted for a tax reduction, and adherence by Eastman, Holland a few others would have passed the bill no matter what Mr. Truman did. But on the final poll, they got only 57 votes for the bill, three to four less than had been counted for sure without the new adherents. This uncalculated swing away from the sure votes was led by Senator Tydings, the Maryland Democrat, who became afraid of the international situation. The Barkley Democratic leadership succeeded in frightening enough new votes with the red flag to make the Byrd-George cause hopeless. Barkley was aided by the Greek outbreak coming at the same time.

Of course, the truth of the matter was the bill had nothing to do with the Barkley claim, nothing whatsoever. Appropriations of nearly \$10 billion for defense next fiscal year had already been made, and would not be influenced by the tax decision. Furthermore, the tax cut would not become effective for five months yet. Furthermore, the Truman policy is to apply the money saved from the proposed tax reduction solely to the public debt. Furthermore, the European relief appropriations also have been passed by congress. So the connection between tax reduction and trouble in Europe was too remote to exist for most senators.

You will recall that Mr. Truman succeeded in getting his veto sustained before, by claiming this was a bill for the rich, although the rich were to get only a 10 percent reduction out of it, while the poor man would get a 30 percent reduction. This time, just as unrealistically, the red flag was waved—and with equal success. Thus this nation seems to have acquired government by two-thirds majority. Ordinarily, you know, in the theory of democracy which we are defending throughout the world, we claim that the majority rules. Well, not in Washington, at least not on the important matters like union reform legislation and tax reduction, the primary questions of the day. Throughout this year, the Republican congress has been confronted by the proposition that they must have a two-thirds majority to do anything about the important matters. They had more than two-thirds on the union reform bill and failed on tax reduction by only a few votes in the senate after the house had shown its more than necessary two-thirds.

Now no one to my knowledge has ever advocated government by a two-thirds majority, or thought that one-third should control. Progress in that direction is moving toward government by unanimous consent, where a single objection by any legislator into whose head any idea might pop, would nullify the will of everyone else.

Veterans of the old International Brigade which fought Franco in Spain in 1937 are convinced that there is little chance of any substantial new brigade being organized.

## BPW Club Members Hold Dinner Meeting

### Committee Named For Collins Programs

Twenty-three members of the Business and Professional Women's club were present for the first Summer dinner meeting Thursday evening, in the Wardell party home on the Williamsport pike.

Guests were seated at small tables for the 6:30 p. m. dinner. Rose buds in individual vases centered each table. Miss Minnie Palm and Miss Edith Schleicher were in charge of reservations for the dinner party.

Following dinner, Mrs. Anne Chandler, president, presided for a short business session. She appointed Mrs. Harriett Henness, chairman of a committee to represent the club in sponsoring the Collins entertainment series, to be presented this Fall in the auditorium of the high school building.

Members of the Business and Professional Womens club and the Circleville high school band will be co-sponsors for the series.

Mrs. Henness will be assisted by Mrs. Joe Work, Mrs. O. V. Bowditch, Miss Mary Lutz, Miss Mary K. Kennedy and Miss Clarissa Talbut. Next dinner meeting of the club will be on August 28, in the Wardell party home. Mrs. Work and Miss Ann Gordon will be in charge of the reservations.

### Mt. Pleasant Grange Meets. Plan Basket Picnic For August

Mt. Pleasant grange members met in regular session in the social rooms of Mt. Pleasant church, with George Mallett, master, presiding.

Grange members voted to send a contribution to an appeal for aid. Turney Glick, master of Pomona grange and Mrs. Glick were visitors at the evening session. Mr. Glick announced that the sixth degree would be conferred upon a class of candidates, Friday evening at Xenia. Mrs. Glick listed in detail how to organize a juvenile grange.

Mrs. Galen Mowery was appointed chairman of a selected committee to write the history of Mt. Pleasant grange. She will be assisted by Mrs. Roy Rittinger and Mrs. George Mallett.

Group decided to have a basket picnic supper on the regular meeting date, August 13, instead of a meeting and program. The affair will be held in Gold Cliff park. Members are requested to congregate at 5 p. m. and supper will be served promptly at 6 p. m.

Evening's program was presented by Mr. and Mrs. Galen Carter and Mr. and Mrs. Frank Carter. Opening number "The Old Oaken Bucket" was sung by the assembly. A vocal solo was given by Richard Carter. Mrs. Frank Carter recited an appropriate poem. Contests were won by Mrs. N. D. Huffines and Mr. Mallett.

Refreshments were served during the social hours by members of the July hospitality committee. Mr. and Mrs. N. D. Huffines, Mr. and Mrs. Charles Woods and Mr. and Mrs. Marion Mowery.

## DO YOU REMEMBER?

You'll pardon an old gentleman, I'm sure, for asking a personal question, but I have a reason.

Each year on December 24 I pack my bag of gifts and make my trip to your home to leave Christmas happiness and cheer.

I want to know if my services are satisfactory and that I am doing my job to the best of my ability.

Last year I came to your home and left gifts, do you recall? Remember the excitement of Christmas morning? The thrill and expectancy of the children, the hubbub of activity as you rushed to see your presents.

I, Santa, want my trip to give you joy daily throughout the year. I want to give gifts that daily spread the joy and happiness of Christmas.

If, today, you were reminded of one gift which I left at your home last year, then I have done my job perfectly. But if you did not think of Christmas, today, until you saw my picture, then I must do my job better.

I wish to remind you that Christmas is only 5 months or 127 shopping days away. And that **L. M. BUTCH CO.**, jewelers are already prepared for the Christmas season with gifts of quality and distinction which will long be remembered throughout the year.

**L. M. BUTCH CO.**, jewelers offer an amazing display of selected diamonds at prices to suit every purse. Diamonds offering an assurance of quality which costs no more.

The outstanding styles and values in the leading watches: **HAMILTON**, **GRUEN**, **ELGIN**, **BULOVA** and **FAITH** are offered at **L. M. BUTCH CO.**, jewelers.

Community Plate and 1947 Rogers Silverware, Parker and Sheaffer Pens, Ronson Lighters and many other gifts to daily remind those to whom they are given that you wish them joy and happiness throughout the year.

Many of these Christmas gift selections are already here and **L. M. BUTCH CO.**, jewelers invite you to join their Christmas Lay-a-way Club. A SMALL DEPOSIT WILL HOLD YOUR SELECTION!

# Pickaway County AAA Program To Be Carried Out In Full

## LIME ORDERS MAY BE FILLED AT ANY TIME

Congress Restores Cuts In  
ACP Funds; Wheat Price  
Support Scheduled

Pickaway county farmers were informed Friday that they can expect fulfillment of the complete ACP program this year.

Dewey Downs, member of the county ACP committee, announced that all farmers holding AAA orders for lime for 1947 may obtain the lime at their convenience. All orders issued, he said, are valid and may be completed any time.

Downs added that all farmers who have lime orders which have expired may have them renewed by bringing them to the AAA office.

**MR. DOWNS** said he had been informed that congress has approved \$265,000 for the 1947 ACP program and that operations have authorized to resume immediately.

The entire program had been held up following original house slashes of funds for the agricultural department.

**MR. DOWNS** also announced that the government will provide a guaranteed price of 90 percent of the parity price of wheat as of July 1, 1947.

Farmers wishing to hold wheat instead of selling it now may take advantage of two plans:

The regular wheat loan program is available to eligible farmers. Wheat may be used as collateral to secure a loan at \$1.96 per bushel at three percent interest.

By signing a "purchase agreement" farmers may have the price protection of \$1.95 per bushel, No. 2 wheat, on all or any part of eligible wheat stored on the farm or in a warehouse. Commodity Credit Corporation agrees to purchase such wheat.

## VICTORY MEDAL DISTRIBUTION DUE IN AUGUST

American Defense Service Award Also To Be Given By Army

FORT HAYES, COLUMBUS, Ohio, July 19.—Initial distribution of the World War II Victory Medal and the American Defense Service Medal will begin soon after August 1, Second Army Headquarters announced today.

The distribution will be made at designated Army recruiting stations, military district headquarters and at the offices of senior instructors, organized reserve corps in the Second Army area. Location of the distribution points can be obtained at any Army recruiting station.

Eligible individuals must apply in person for the medals, which will be issued on presentation of the applicant's original discharge certificate or other adequate war department authenticated statement of service.

BECAUSE OF limited personnel to handle mail applications, requests by letter cannot be accepted, except those of the next of kin of ex-Army personnel who have died since their discharge from the service. Such letters of application must be accompanied by a photostatic or notarized copy of either the discharge certificate, certificate in lieu of lost or destroyed discharge certificate, certificate of service, or other adequate war department authenticated statement of service. Persons making such applications are cautioned to insure that a permanent return address is clearly and completely indicated.

Letter applications by next of kin of those individuals who have died since their discharge from the service will be made to the

The next of kin of those individuals who died while on active duty in the Army and who, consequently, do not possess the necessary documents to make application elsewhere, may apply to Chief, Demobilized Personnel Records Branch, Building 105, Records Administration Center, AGO, St. Louis 20, Missouri.

SERVICE MEDALS are awarded for honorable active federal military service only.

Those eligible for the World War II Victory Medal and the American Defense Service Medal must have served between December 7, 1941, and December 31, 1946.

Eligibility for the American Defense Service Medal specifies service between September 8, 1939, and December 7, 1941, under orders to active duty for a period of 12 months or longer. A foreign service clasp consisting of a bronze star and the words "foreign service" is available for individuals who served outside the continental limits of the United States, including service in Alaska, as a member of a crew of a vessel sailing ocean waters, or as a member of an operating crew of an airplane participating in regular and frequent flights over ocean waters. The bar is placed on the suspension ribbon of the medal.

Eligible individuals must apply in person for the medals, which will be issued on presentation of the applicant's original discharge certificate or other adequate war department authenticated statement of service.

## STOCK EXCHANGE DISCUSSED FOR ROTARY MEMBERS

"Stay away from hot tips." This is the advice of Jack Nida, Columbus investment broker, in an outline of the workings of the Stock Exchange which he gave to members of the Rotary club at a meeting which followed a noon luncheon Thursday at the Pickaway Arms.

The speaker showed films of the New York Stock Exchange in action. He declared there was nothing mysterious about the buying, selling and exchanging of stocks. Nida is a representative of the Columbus brokerage firm of Merrill, Lynch, Fenner, Pierce and Beane.
